+ONE

CONCRETE BEAUTY

+ ONE's contemporary soul, which captures the look and the essence of poured concrete, is capable of creating a clean and simple style and giving each project a personal warm feeling and great visual charm. Its extreme attention to detail gives the environment elegance and vitality. Six outstanding color options and two finishes tell the inspiration of the authentic American industrial design, perfect for both residential and high-traffic commercial projects.

Six colors: chalk, greige, mud, ash, plumb and coal. Available in 12"x24", 24"x24", 24"x48", and 48"x48" floor & wall tile, 12"x12" mosaics.

Progress that invests in the entire society

As an active member of the U.S Green Building Council, MILE[®]*stone* spreads awareness to the community and encourages the use of building solutions through environmentally friendly practices. Our products positively contribute to the requirements for obtaining the LEED (Leadership in Energy and

Our products positively contribute to the requirements for obtaining the LEED (Leadership in Energy and Environmental Design) and WELL (IWBI) certifications.

A commitment to environmental sustainability and responsibility

We are committed to conscious development that minimizes the negative impact of manufacturing production on the environment. Our general approach to sustainability intersects with our business strategy to embrace three areas of responsibility: economic, social, and environmental. Some ways we prove this are:

- Products containing as much as 45% recycled content.
- Post-consumer recycled content levels as much as 3%.
- · Zero industrial wastewater discharge.
- A 99% internal process recycling rate.
- Local sourcing of >95% raw materials (within 500-mile radius of factory) resulting in low transportation related carbon emissions.

MILE[®] stone is taking these and other steps, as well as actively investing to reduce carbon emissions to ensure that we reach full carbon neutrality.
